## HTML: step 1

W3Schools is an educational website for learning web technologies online. You will use the W3Schools tutorial for this workshop. Go to w3schools (www.w3schools.com) and click on "**Learn HTML**" and go through the tutorials first 13 steps:

- HTML HOME
- HTML Introduction
- HTML Editors
- HTML Basic
- HTML Elements
- HTML Attributes
- HTML Headings
- HTML Paragraphs
- HTML Styles
- HTML Formatting
- HTML Quotations
- HTML Comments
- HTML Colors

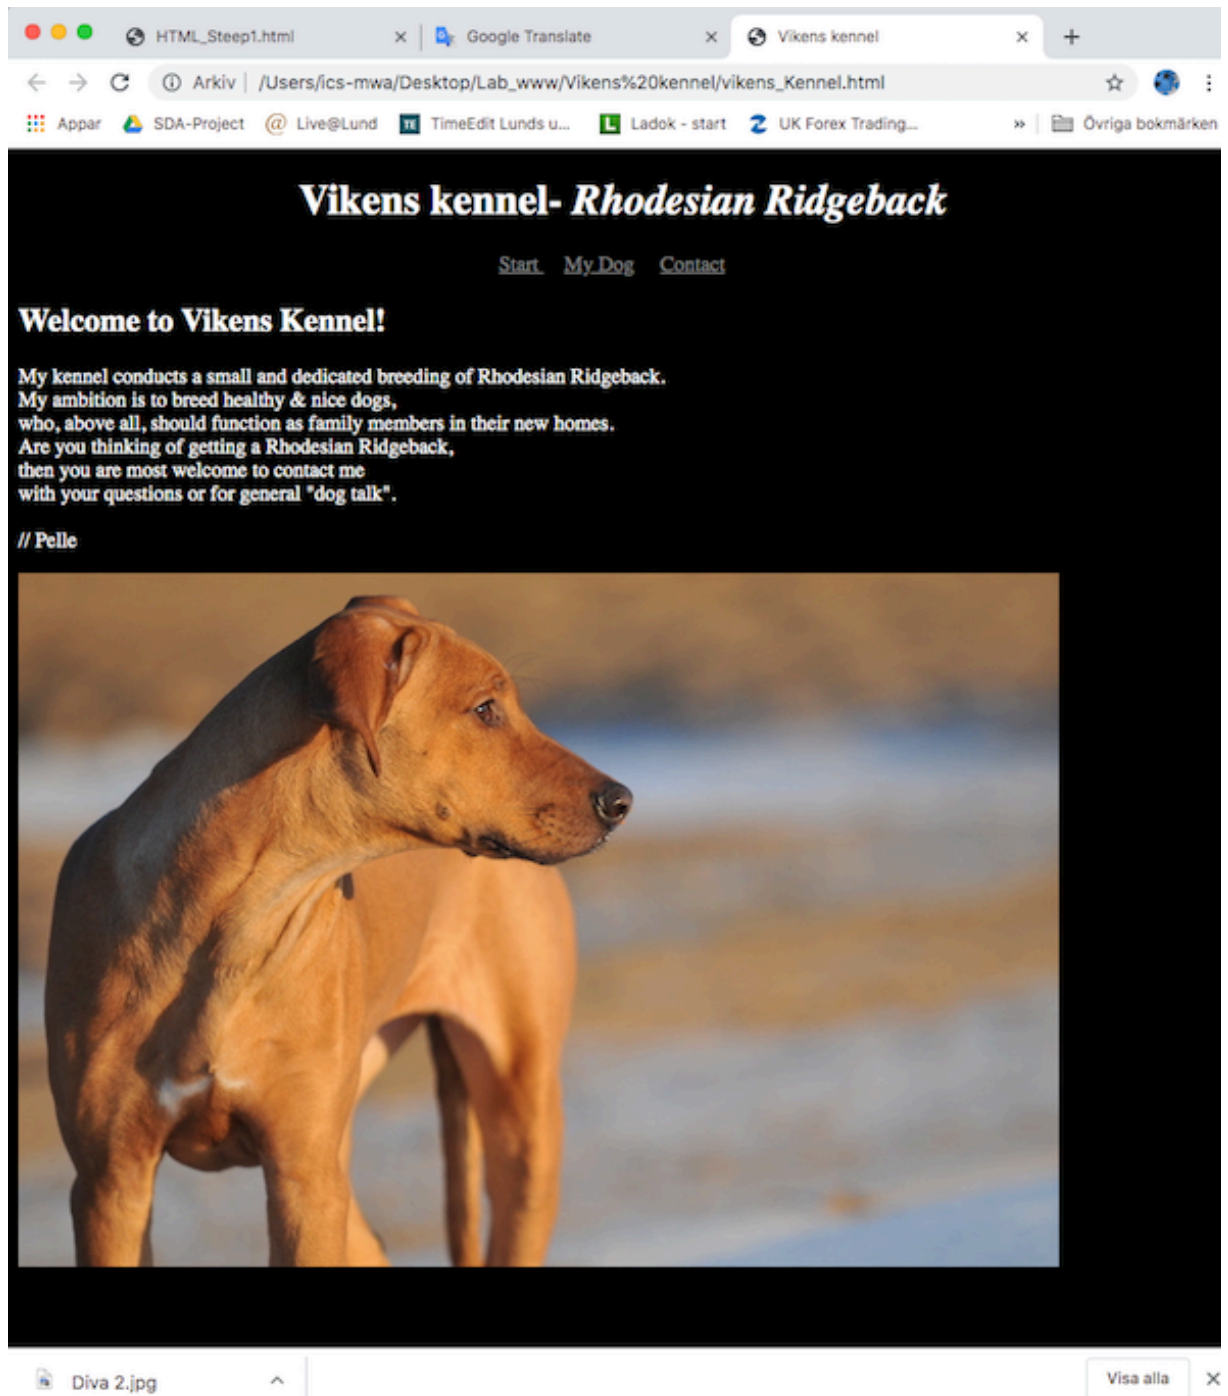

## Make your own site

Now you have to make your own site called, "Vikens kennel". Your site should consist of three pages index.html, my\_dog.html and contact.html. You should design your site according to the instructions and pictures below:

### General instructions

- The title of all pages should be: Vikens Kennel
- The background color should be black
- All links should be gray and centered on the page (Use google to find out how)
- The top header of each page should also be centered
- All text should be white (Use google to find out how)

### Page: index.html

## Instructions

The size of the top header is h1, note that the second part of the title should be italic:

Vikens kennel- *Rhodesian Ridgeback*

Other headings are of the size; h2

The size of the image should be 888 \* 533

## Text and images to use:

Vikens kennel-Rhodesian Ridgeback

Welcome to Vikens Kennel!

My kennel conducts a small and dedicated breeding of Rhodesian Ridgeback. My ambition is to breed healthy & nice dogs, who, above all, should function as family members in their new homes. Are you thinking of getting a Rhodesian Ridgeback, then you are most welcome to contact me with your questions or for general "dog talk".
